**NEW!**

## Homeschool Student Aide

Teen students can enjoy the Maple Collaborative Homeschool Enrichment Program and learn the benefits of assisting younger students by becoming a Homeschool Enrichment Student Aide.

Aides will assist the staff and volunteers in the implementation of the programming, often working one-on-one with younger students guiding them through the learning process. During “Free Time” Student Aides will assist with clean-up, preparation and some free time of their own.

Student Aides are to arrive 15 minutes prior to class start. Ending time is the scheduled program end time. Students must be of enough maturity and ability to aid younger students in the variety of courses offered. For students 8<sup>th</sup>-12<sup>th</sup> Grade.

Fee - \$100 per session - Vouchers accepted. A younger enrolled sibling may enjoy the Sibling Discount. Any Late Registration fees would apply.
